Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 7: Stakeholder & Communication Management

Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 8: Project Leadership & Team Collaboration

Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 9: Project Monitoring & Reporting

Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 10: Agile Tools & Techniques

Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 11: Project Governance & Compliance

Practical learning through simulations, case studies, assignments, and real-world project applications.

Module 12: Capstone Project & Industry Case Studies

Practical learning through simulations, case studies, assignments, and real-world project applications.

Tools & Technologies Covered:

- Microsoft Project
- Jira
- Trello
- Asana
- ClickUp
- Monday.com
- Slack
- Microsoft Excel
- Miro
- Zoom

Career Opportunities:

- Project Coordinator
- Project Manager
- Agile Project Manager
- Scrum Master
- Business Analyst
- PMO Analyst
- Program Coordinator
- Operations Manager
- Delivery Manager
- Project Consultant
